HOSTED BY JULIE HALL

DEPART SYDNEY 07 -16 NOVEMBER 2018

What better way to learn new techniques in stitching than to do so sailing on this magnificent ship, and what better way to holiday, than doing so whilst stitching.

Julie has been sewing for the past 30 years (so is a newbie), and has been passionate about machine embroidery and digitising for the past 17 years. A regular contributor to Machine Embroidery (and other) magazines, Julie has been at the forefront of trends and techniques in Machine Embroidery. With a background in Training, Julie is the perfect instructor, giving fun and informative lessons at all times. She will have you in "stitches" with stories of her own efforts over the years, and help you make the most of your machine.

Over the 3-4 days of tutorials, you will create some fantastic projects, and learn to get the most out of your machines.

The cost of the cruise includes all tutorials, fabric supplies, threads and stabilisers for the included projects. All you will need to bring is your machine, and sewing tools, such as scissors. (complete list to follow).
